EXPLANATION OF SERVICES:

Apex hauled 2 to 4 recyclable loads of bushling to the steel mill from Federal Mogul per day. We customized our service to include removal of oil from containers before transporting. Apex was on call 24 hours a day, 7 days a week, 365 days per year. The plant facility ran three shifts and shut down rarely over weekends or holidays. Apex successfully has a zero interruption record with this customer. The flow of recyclable material was critical to uptime at the plant.
